STUDY VISIT FOLLOWED BY SOCIAL EVENT HOSTED BY THE MUNICIPALITY OF ALMATY

The Government of Kazakhstan will organise a study visit to the innovative collaborative space – the Smart Point, where local partners will present digital projects, products, and solutions to advance gender equality, build resilient societies, safe and smart cities, as well as initiatives created by women or/and developed to support women and girls in the country.

The presentations will be delivered by the T&I Experts of the Mayor's Office of the city of Almaty, the Ministry of Digital Development and Aerospace Industry of the Republic of Kazakhstan and women-led digital projects and businesses to highlight unique experience of working on digitalization and innovation for sustainable development.
