

CALL FOR APPLICATIONS

GENDER DATATHON

July 10-12, 2024
Tirana, Albania

Join us for a Gender Datathon! Unleash your data skills, team up for hands-on learning, and stand a chance to win awards for outstanding gender data products!

- Application deadline: **May 6, 2024, 00:00 CET**
 - Notification of successful applicants: **May 13, 2024**
 - Pre-datathon workshop (face-to-face): **June 2024**
 - 3 day datathon (face-to-face): **July 10-12, 2024**
 - E-mentorship: **July-August 2024**
 - Publication of products: **September 2024**
- Language: **Albanian**

Why participate?

-  Gain a better understanding of the central role that gender data play in advancing gender equality.
-  Build practitioner-level skills with Excel, Tableau, Canva, and FlourishChart, to explore, analyze, interpret, visualize and communicate gender data effectively.
-  Enhance practical skills in compelling data-driven storytelling that spotlight gender issues and women's rights.
-  Network and collaborate with gender data experts and visualization experts.

Who can apply?

Both individual and team applications will be accepted. In case of individual registrations, eligible applicants will be sorted and assigned to teams based on their areas of interest and skill levels.

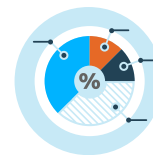

Here's a checklist to make sure you qualify:

- Be a national of Albania.
- Be 18 or older at the time of registration.
- Fit in one of the these profiles: researchers, students, members of women's rights and civil society organization, journalists, data analysts, or dedicated gender advocates with a background in social sciences, economics, data sciences or journalism.

All skill levels and backgrounds are welcome to participate, however we encourage the following helpful skills that can support a datathon project including:

Communication and journalism

Data visualization

Gender expertise

Research/ data analysis

Machine learning

What are the team requirements?

You may form your own team. Teams should be no more than 5 people. Once pre-selected, teams will have the opportunity to change the composition of their teams until the completion of the preparatory training phase. After that changes will not be possible.

Remember, not all team members need to be data analysts. Many find it helpful to build a team consisting of a variety of backgrounds and skills.

How to apply?

Participants should apply as teams or individuals by filling out the **application form until May 6, 2024 00:00 CET.**

Datathon experience

Successful participants will engage in an intense 3-day hands-on training and mentorship to craft impactful media products that integrate gender data into messages on gender equality. The event will award the top three teams that will receive substantial mentorship to further refine their work, as well as support for professional multimedia production and eventual publication.

Support and benefits

The Datathon will cover training materials and meals for all participants, and transportation costs for those residing outside of Tirana.

ORGANIZERS: INSTAT, UN Women's Albania Country Office and "Making Every Woman and Girl Count" regional programme for Europe and Central Asia.
