Query 1: We need to access all required application documents regarding the “Social and Economic Stabilization and Strengthening the Resilience of Refugee Women and Adolescent Girls in Turkey” call for proposals. Can you please advise?

Clarification 1: All application documents can be reached at <http://eca.unwomen.org/en/news/stories/2019/03/call-for-proposals-strengthening-the-resilience-of-refugee-women-in-turkey> . Query 2: On Annex B1-3, should the right-hand side column of the table (Proponent’s Response) be filled with a general statement sentence of the understanding of UNWOMEN’s stated requirements or summary of response to criteria to be carried out by the proponent?

Query 3: Should the administrative documents stated in Capacity Assessment Document Checklist be provided at this stage or only be answered as Yes/No questions? If so, should they be provided by all members of the consortium or only by the Leader?

Clarification 3: The proponents must provide all the documents referred to in the capacity assessment checklist under Annex B1-6. The documents must be provided for the main applicant.

Query 4: Should the annexes be filled by all members of the consortium or only by the leader?

Clarification 4: The proponents must fill in the annexes for the lead applicant, not for all the consortium partners.

Query 5: We are experienced organisation that helps to strengthen the existing initiatives that support marginalized groups, as well as local authorities with civil society organizations. We would like to ask if it is possible to apply with a proposal focusing of the listed objectives in another city, not precisely in Izmir?

Clarification 5: No. This call for proposals has been issued to finance actions only to be implemented in Izmir.

Query 6: Our organization was formally established in November 2017. Since our members have been active for much longer than our formal registration, would it be possible to count informal activity of our organization towards the required 5 years of operation?

Clarification 6: No. According to the mandatory requirements the proponent as an organization must be in operation for at least five years.
